

“One Really Good Thing About Seven”

*“There's one really good thing about seven
Seven days make a perfect week
With only ten weeks left until my birthday
I can't wait to see them go away
I keep count of every day
Just multiply each week by seven
That's how many days closer it will be”*

Directions: Multiply the number of weeks by the number of days in a week (7) to find out how many days are left until Anthony's birthday.

1 Week = 7 days

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.
